

OMEGA PERFORMANCE CREDIT RISK MANAGEMENT - LEARNING SOLUTION

INTRODUCTION

OMEGA: SELF-PACED E-LEARNING COURSE

OMEGA Performance Credit Risk Management - learning solution is an online course. Learners can complete the course anywhere at anytime within the valid time period. It is an internationally well recognized course developed by a team of credit experts and skilled instructional designers that will help banking professionals elevate their values through continuous learning.

Once registered, learners have access to the course. The course includes: unlimited access to the Omega Performance eLearning library including content updates, pre-tests for each module to allow users to determine which sections they should take based on individual needs and post-tests for each module to measure comprehension and validate learning.

This course is customized and bundled in very affordable price, which was never offered in Nepal. Earlier few banks like Standard Chartered Bank and Laxmi Bank Limited offered the course to their senior staffs from the international market which was expensive and not as easy as online mode.

This course is relevant for - Corporate Relationship Managers, Credit Relationship Management team, Credit Analysts, Underwriters, Loan Reviewers, Branch Managers and any other functions.

OBJECTIVES

To develop staff skills in order to make them more efficient and more capable of managing his/her responsibilities.

To equip organizations with the credit skills to source and structure high-quality, loans to help grow and low-risk loan portfolio.

Parshuram Kunwar Chhetri

Chief Executive Officer,

Janta Bank Nepal Ltd.

I would like to congratulate NBI for having launched Omega Certification Course in collaboration with Omega Performance, Singapore. I'm glad that the credit course from Omega has come in an affordable price as compared with what it was a few years ago and it has come in online-mode which will be accessible to many in Nepalese market.

I passed this course first when I was in then ANZ Grindlays Bank and subsequently in 2001 when I was with Standard Chartered Bank Nepal Ltd. Omega Course has contributed a great deal in making me a banker that I'm today. I have benefited from the course in enhancing Credit Assessment Skills for which I was also appointed as a Mentor and was entrusted in guiding many of my colleagues to acquire the skills. In my 30 years of banking profession, I found the course one of the most essential and effective courses for a banker. I strongly recommend all the bankers to subscribe to the course and get accredited which will certainly pave a way for a successful banking career ahead.

ABOUT OMEGA PERFORMANCE
