21 IRREFUTABLE LAWS OF LEADERSHIP

Follow them & People Will Follow you.

Program Overview

When times change and technology marches forward, the principles of leadership are constant and stand the test of time. There are four ideas to keep in mind:

- The laws can be learned.
Some are easier to understand and apply than others, but every one of them can be mastered.
- The laws stand alone.
Each law complements all the others, but you don't need one in order to learn another.
- The laws carry consequences.
If you ignore them, you will be unable to lead well. If you implement them, people will follow you.
- The laws are the foundation of leadership
Once you learn the principles, you have to apply them to your life to achieve your full potential as a leader.

The workshop equips you with the 21 Irrefutable Laws of Leadership to lead and influence people to follow you not because of your position but because they want to.

The John Maxwell Leadership Connection workshop is a very participative and flexible workshop of 2 days or 10 individual 1-hour MasterMind or Lunch-n-Learn sessions spread over 10 weeks. The session can also be tailored to the specific needs of the participants.

John C. Maxwell has been hailed as America's First ranked expert on leadership. Each year he speaks in person to hundreds of thousands of people, while his best-selling books impact the lives of millions more around the globe.
