

**Presents**

**“Currency Management and Security  
Features”**

**Background**

The program is aimed at endowing the participants with the knowledge in the field of currency management and banknote security features. The program is set for day-to-day cash handlers and their supervisors. Participants can expect to gain knowledge on currency manufacturing, issuance, circulation and destruction. Participants can also expect to be well conversant with identifying security features of banknotes and techniques of detecting counterfeit banknotes. The program is facilitated by experts in the field of banknote printing and its security features.
