Retail Lending

Banking for Customer Base Enhancement, Profit Maximization and Risk Diversification

Bank and Financial Institutions have been giving extra focus in growing Retail/ Consumer Lending in the recent days as it contributes in diversifying the risks and enhancing the customer base. Due to comparatively low risk weightage on retail loans, exception a few products, retail loans have been enabling the BFIs to enhance more loans with the limited available capital, which has been further helping them to maximize profitability.

The related officers of BFIs can further maximize the sales, monitor the accounts more closely and avert the possible default risks if their skills are further honed. Taking this point into account, National Banking Institute has designed one day Training on Retail / Consumer Lending.

Facilitator

Mr. BN Gharti, an MBA, having more than 18 years of banking experience, is the former Acting Chief Executive Officer of Kist Bank. Mr. Gharti started his banking career from Nepal Bangladesh Bank where he worked at Marketing and Credit Departments. Before joining the banking sector Mr. Gharti had worked in the government, private and social organizations for 9 years.

Mr. Gharti, who served 10 years at NIC Bank, was head of Marketing and Transaction Banking there before joining Kist Bank in the Capacity of Chief Business Officer in April 2009. He was the first employee who **received “Excellent” rating in the history of NIC Bank and was awarded with many awards including “Excellence Award” and ‘Best Branch Award’**. He was the Member of Human Resources Committee, Management Committee and Asset and Liability Management Committee. He had developed deposits and transaction banking products and prepared standard operating procedures for those products operations. He had driven the marketing department growing the customer base by threefold during a period of 2 years and slashing the concentration risks considerably.

He was instrumental in inculcating commercial banking and risk management culture at Kist Bank. Mr. Gharti played a key role in formulating about 20 policies including Credit Policy and Deposit Management Policy, about 30 standard operating procedures including Credit Risk Management Manual and Deposit Management Manual, about 25 product papers including deposit product having features of both savings and fixed deposit, a path-breaking deposit product and SME Loan Product and about 15 Plans including Strategic Plan and Risk Diversification Plan in order to build up a strong systemic infrastructure. On account of which, Kist Bank was having highest savings and retail deposits in the industry with a customer base of about four hundred thousands, which was 7th **position in the industry. Due to timely formulation of ‘Risk Diversification Plan’, ‘Liquidity Management Plan’ and ‘NPA & Watch-list Accounts Management Plan’, in his initiation, Kist Bank was successful to slash Real State Loan below 15% from more than 50%, have liquidity ratio above 30% from as low as 10% and recover NPA loans sizably, which rescued Kist Bank from near to failure.** Mr. Gharti therefore shares his practical experience in sales maximization, risks diversification and overall risks management.

Mr. Gharti has taken much training including various domestic and international trainings on “Train the Trainer”. He has conducted 150 plus trainings on Credit Relationship Management, Sales and Marketing, Credit Risks Management and Operational Risk Management. Mr. Gharti, who has received many awards from various social organizations, has written many articles on Operational Risk Management and other banking issues on various national dailies and journals.
