

PRESENTS
**SIGNATURE VERIFICATION &
POSSIBLE SCENARIOS**

Cards, online banking etc. are new manner of transactions on these days but the importance of signature on cheque and other document is still on. Sometimes a single signature carries millions of dollars. In Nepalese banking scenarios, withdrawal money by forged signature is normal phenomenon today. And also the returning genuine cheques give bad impact to the customers in competition market and sometimes push them to go through other banks. This program provides depth knowledge of signature verification and makes more confident to identify the level acceptance and rejection of customers' signature including others to settle down such issues. And it supports to gain good will and reduce the level of risk. In signature verification, knowledge of major writing features is always essential so that it may very comfortable to pick only few two or three characters among them within few second without any stress. And nature of these two or three characters may vary person to person.

Target Group : For all staffs of Operation department, Cash departments & Frontdesk.
Date & Time : 27th October 2018, (8:00 am to 3:15 pm)
