

Seminar on Navigating the Credit Landscape 2023

Background

The financial sector in Nepal plays a vital role in fostering economic growth by providing essential credit facilities to individuals, businesses, and industries. As the country's economy evolves and faces various challenges, it becomes imperative for banks and financial institutions (BFIs) to continuously adapt and optimize their credit practices. Striking the right balance between credit expansion and risk management is crucial to ensure sustainable economic development and financial stability.

The seminar on "Navigating the Credit Landscape" aims to bring together key stakeholders, financial experts, and industry leaders to discuss and explore the current credit scenario in Nepal. The event will focus on identifying opportunities for credit growth, understanding the challenges faced by BFIs, and fostering effective strategies to maintain a healthy credit ecosystem.
