

WORKSHOP ON STRATEGY AND LEADERSHIP

Background

This Leadership Program is a full-day training event designed to empower participants with valuable leadership insights and skills. The program covers essential topics such as defining the company's vision, managing leadership and management responsibilities, handling market complexities, and building effective teams. Through a combination of lectures, discussions, and group exercises, participants gain a deeper understanding of leadership best practices, strategic thinking, and team management. The program aims to equip attendees with the tools and knowledge needed to drive success for their firm in the evolving marketplace of 2023-2024 and beyond.
