

WHAT IS THE FUTURE OF DEVELOPMENT BANKS IN NEPAL?

The major challenge for development banks facing right now is the big question mark.
WHAT IS THE FUTURE?

This half day interaction program aims to discuss future of development banks, sustainability, & economic relevance in Nepalese financial highway through meaningful discussion with stakeholders.

There is a growing concern about the existence of development banks in Nepal with billions of capital investment in development bank, thousands of human capital working and hundreds of branch spread nationwide.

Key Questions:

1. Why the need of development Banks?
2. Are development banks meeting national expectations of financial inclusion?
3. How will development banks survive?
4. What should be clear positioning of development banks in Nepalese BFI map?
