

PRESENTS
ANNUAL DIGITIZATION CONFERENCE
INNOVATION IN BANKING- 2019

Background

Nepal is currently in the stage of Digital Transformation. Digitization today is a journey which requires the banking industry to adopt the strategy of “Collaborating and Competing”. Digitization is not only an ongoing practice as well as a necessity from the perspective of strategic governance to manage a vibrant corporate culture, as life of all stakeholders rely on digital supply chain. The smart way of getting information and taking decision from digital data are now leveraging on computational technique of artificial intelligence.

Therefore, the conference has been designed with paper presentations from the eminent international speakers, Mr. Arif Khan, Chief Digital Officer, National Payments Corporation of India (NPCI) and Mr. Narayan Rao, Chief Operation Officer, Suryoday Small Finance Bank. The presentation shall incorporate the NPCI journey and its product with emphasis on the Unified Payment Interface (UPI) and RuPay. Similarly, the program shall also present a case study on the journey of Digitization of Small Finance Banks in India.

The conference shall provide a premier interdisciplinary platform to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted for fusion of Business, Services and Technology. This conference will act as a major forum for the presentation of technological progress in alignment with the Business Perspective.
