Happy New Year and welcome to yet another issue of NBI News Letter.

The year 2072 is now gone however it left deeper effect on all parts of our society. The devastating earth quake that took thousands of lives, destroyed homes and infrastructure not only crippled our economy but left sad memory for all of us. Then the blockade added more injury to already damaged economic set up. This placed additional pressure on entire financial highway and banks could not be left untouched.

Then the regulatory requirement of capital increase has compelled the industry to explore ways and means to meet the increased capital pressure. Thus series of consolidation process began and continues till date.

NBI has in our interaction with the industry and through recently held Merger Conference has made recommendations that BFIs pay particular attention to Human Capital integration, training and development to make merger successful.

On the other note, NBI has now embarked on our next level of journey through Nepal's first Professional Banking Certification course JANBI. JANBI has received very good response since its debut in January and so far we have more than 150 bankers from all over Nepal enrolled for this program.

We are encouraging each and every bank staff of all level to profit from JANBI experience and earn their professional certification. The major attraction of JANBI from candidate's perspective is it's not only well rounded comprehensive knowledge they gain but also increases their chance of professional success through promotion and performance appraisal.

We look forward to welcome you to Team JANBI – A group of professionally certified banker.  
We wish you happy banking

Warm Regards,
